

Mystical images at New Era Gallery

VISALENSPIEN — New Era Gallery will feature the work of ceramic artist Speddy Lightfoot Davis and photographer Michael Bell this month. The show will open with a public reception from 4 to 7 p.m. Saturday, Aug. 4, and run through Aug. 11.

Davis, a well-known Midas

artist, will show both sculpture and functional pottery. Bell, who exhibits in the Broken area as well as Visalemspien, will show black and white figurative photos.

Bell's series shows an interest in the mystical qualities of the land and its inhabitants, as well

as the play of light on textured surfaces. Davis offers pieces as representations of the southwestern terrain which also includes rock hand symbols. Bell's figures appear to dance through the

smoke, fly through the water and float mysteriously into space.

For hours and contact information, see the Current & Coming listings.

Speddy Lightfoot Davis' polychromed clay sculpture "Powers" will lend a Visalemspien New Era Gallery Saturday, Aug. 4.
